Preliminary Bibliography of Race and Race Relations in Guyana
(Compiled by Nigel Westmaas, August 2013)

As indicated in the title this is a working, ongoing bibliography of documents on race and race relations in Guyana over time. Bibliographic titles are not given in any particular order or chronology except for that of author. There is a miscellaneous section for documents with no specific author. While a few newspaper articles on the topic are provided the bibliography by no means includes (or has access to) the hundreds of newspaper articles and/or letters on the issue of Race in Guyana. I welcome missing entries and other information (or errors) on the theme for perennial update.
